Chronicle Search Training and Operations Module

Chronicle Search Module is a unique Training and Operations Management System designed in collaboration with police officers to comply with National Search Centre guidelines encompassing all aspects of Search Officer, Police Search Advisor and Security Coordinator activity across your entire force, collaboration or region.

Linked to a standardised national curriculum Chronicle Search captures all the information required to assist forces with evidencing compliance with national and local standards and record operational data ensuring staff remain competent and available for deployment.

FEATURES AND BENEFITS GENERIC TO ALL CHRONICLE MODULES

Designed in collaboration with police officers	Tailored to meet the operational demands of your force, collaboration or region.
Robust audit trails	Provide fully auditable and accurate records for any investigation. Protect the individual and your organisation and reduce litigation risk as well as the ability to provide fast, cost-effective responses to FOI requests.
Available on Police ICT and G-Cloud procurement frameworks	Save tender costs and streamline the procurement process whilst reducing your procurement risk.
Feed critical capability & capacity data directly to NPoCC	Eliminate the need for spreadsheets and reduce the administrative burden. Save time and cost whilst providing accurate, real-time information.
Skills exporter and interfaces available	Save time and cost by eliminating double-keying and ensuring data is consistent across systems. Link skills to duties to ensure you have the right people with the right skills in the right place.
